

NANDANA GLOBAL EXIM

Connecting Markets, Delivering Growth

Specification sheet - Rice

Basmati Rice

Long-grain aromatic Basmati - 1121, 1509, Pusa or traditional, in raw, steam or sella form.

Basmati is traded by variety and form, not by the word "Basmati" alone. We quote 1121, 1509, Pusa (1401) and traditional Basmati, each in raw, steam or sella (parboiled) form, because a Saudi wholesaler, a UAE retail brand and a European ethnic-food importer rarely want the same one.

Grain length, ageing, elongation and broken percentage are agreed before contract and verified at loading. Tell us the variety and form you buy, or tell us the market and price point and we will tell you which fits.

Product highlights

- 1121, 1509, Pusa (1401) and traditional Basmati
- Raw, steam, sella and golden sella
- Naturally aged 12-24 months for elongation
- Bulk and private-label retail packing

Technical specification

Variety	Basmati (long grain, aromatic)
Grade	1121, 1509, Pusa (1401) or traditional - stated on the contract
Average grain length	7.20 - 8.40 mm average, by variety Measured on milled grain, average of a drawn sample
Broken grains	1 - 2% max Other broken percentages on request
Moisture	13% max

Admixture	5% max
Chalky grains	2% max
Damaged / discoloured	1% max
Foreign matter	0.1% max
